

The Mortgage Bankers Association of Greater Kansas City (MBAKC) and CampusMBA Bring You

Comprehensive SAFE Act Training

CampusMBA (Provider ID 1400036), the education division of the Mortgage Bankers Association (MBA), is pleased to announce that its 20 Hour SAFE Comprehensive: Essentials of Mortgage Origination (Course ID: 1190) classroom-based course has been approved by the NMLS to apply toward 20 hours of the NMLS pre-licensing COMPREHENSIVE requirements.

CampusMBA has partnered with the Mortgage Bankers Association of Greater Kansas City (MBAKC) to offer this valuable new course. We know how important it is to complete this education in a timely manner. **Licensing deadlines are approaching. Originators in Missouri must complete their licensing by July 31, 2010.** That is why we have scheduled this comprehensive course in Overland Park in March.

20 Hour SAFE Comprehensive: Essentials of Mortgage Origination (Course ID: 1190)

March 10–11 in Overland Park, Kan.

SPACE IS LIMITED: Register today to ensure your space in this course.

Essentials of Mortgage Origination is a highly interactive classroom-based course that focuses on the fundamentals of successful loan production. This NMLS-approved course provides an overview of associated disciplines critical to a complete understanding of mortgage loan production, including origination, processing, underwriting, closing, shipping and delivery, real estate law, fraud and quality assurance.

Throughout the information-packed course, participants engage in several thought-provoking exercises. Students interact with industry experts who enhance the instruction with practical industry examples. The course concludes with a final comprehensive case study that allows participants to practice making real-life business decisions utilizing the concepts they have learned over the duration of the course. Students leave with a solid foundation in residential mortgage origination. They understand the role and importance of the loan production, regulatory compliance and quality assurance functions in the mortgage banking industry.
